COMPANY OVERVIEW

Nescom Infratech is a trusted name in Engineering, Design and Construction. We deliver end-to-end solutions in architecture, structural design, planning, interior design, project management and turnkey execution. With a commitment to quality, innovation and client satisfaction, we transform ideas into iconic spaces.

OUR MISSION

To deliver innovative, sustainable and high-quality engineering and construction solutions that exceed client expectations.

OUR VISION

To be a leading engineering and construction company recognized for excellence, integrity and innovation.

OUR PURPOSE

To build spaces that improve lives and create lasting value for our clients and communities.

OUR PROMISE

We build with honesty, deliver with excellence and nurture relationships with trust.

HEALTH, SAFETY & ENVIRONMENT (HSE) COMMITMENT

At Nescom Infratech (India), we are committed to ensuring a safe and healthy workplace, protecting the environment, and promoting the well-being of our employees, clients, and communities.

OUR COMMITMENT

We integrate HSE principles into every aspect of our operations and strive for continuous improvement in HSE performance.

SAFETY FIRST

We prioritize the safety of our people, visitors, and stakeholders at all times.

HEALTH & WELL-BEING

We promote a healthy work environment and support the physical and mental well-being of our employees.

ENVIRONMENTAL RESPONSIBILITY

We are committed to minimizing our environmental impact through responsible resource use, waste management, and pollution prevention.

OUR HSE PRINCIPLES

Comply with all applicable legal and other requirements.

Identify, assess, and control risks to prevent injuries and ill-health.

Provide training, awareness, and resources to ensure HSE competence.

Monitor, review, and improve our HSE performance continuously.

Encourage consultation and participation of employees in HSE initiatives.

OUR HSE OBJECTIVES

Achieve zero harm and ensure the safety of all.

Reduce health risks and promote healthy lifestyles.

Conserve natural resources and reduce environmental footprint.

Ensure compliance with HSE laws and other requirements.

Build a culture of safety, health, and environmental responsibility.
